

Formula for calculation of arrears from 1-1-2006 to 31-12-2015 (10 years)

Minimum Pension admissible as per OM dated 6-4-2016

minus the existing pension & **difference multiplied** by **181.74**

EXAMPLES

Grade	6 th CPC Pay band	Grade Pay	Service	Minimum pension due as per OM dated 6-4-2016 as indicated in col. 9 of OM dated 28-1-2013 and In column No.5 of the table in page-	Existing Pro-rata pension computed for less than 33 years of service as per para 4.2 or consolidated as per para 4.1 whichever is more	Difference (Amount in column 5 minus Amount in column 6)	Arrears from 1-1-2006 to 31-12-2015. (Amount in Col 7 multiplied by 181.74)
1	2	3	4	5	6	7	8
			Years	Rs.	Rs.	Rs.	Rs.
S-7	5200-20200	2400	30	4920	4645	275	49,979
S-8	5200-20200	2800	29	5585	5464	121	21,991
S-10	9300-34800	4200	24	7215	5248	1967	3,57,482
S-18	15600-39100	6600	30.5	12600	12239	361	65,608
S-24	37400-67000	8700	31	23050	21654	1396	2,53,710
S-31	75500-80000	0	18.5	37750	21163	16587	30,14,522

(Inputs of the above examples are as given by the pensioner beneficiary. Hence, the examples are “live examples”)

Note 1. Amount of arrears indicated in Col 8 may vary by about Rs.50 due to rounding off of fraction of a rupee to the next rupee

Note 2. Formula for computation of arrears is devised for the period from 1-1-2006 to 31-12-2015 only, since the basic pension is due for revision from 1-1-2016 under 7th CPC.
